HONDO, MEDINA COUNTY, TEXAS, SATURDAY, JUNE 22, 1918.

VOL. 32. No. 47

## Special Announcement. County Judge's Proclamation.

STATE OF TEXAS,  
COUNTY OF MEDINA

KNOW ALL MEN BY THESE PRESENTS:

Whereas, the President of the United States of America has designated June 28th, 1918, to be National War Savings Day and has authoritatively summoned every adult male and female to attend meetings to be held that day in their respective school districts, to the United States Government the greatest amount they can save and invest in United States War Savings Stamps; therefore, I, R. J. Noonan, Judge of the County Court of Medina County, Texas, do, at the request of the United States Treasury Department, upon and direct all adult males and females resident or present in the county of Medina County, Texas, on said 28th day of June, 1918, to be in attendance upon such meetings to be held in their respective school districts in which they reside or may be present and solemnly pledge to the United States Government the greatest saving they can make this year and invest in United States War Savings Stamps.

Fail not in a punctual response to the authoritative Federal summons. By order of the Treasury Department of the United States such meetings shall be held at 2 o'clock of the afternoon of June 28th, 1918. Under instructions from the United States Treasury Department the duly accredited persons who shall hold said meetings for the Government shall cause an accurate roll to be kept of all persons attending said meetings, together with the amounts pledged by each person. Also a list of all persons who fail or refuse to subscribe together with their reasons for said failure or refusal. All of said lists and pledge amounts will be immediately forwarded to the county chairman where a complete roll of all persons who have failed to attend said meeting together with a list of all persons who have failed or refused to subscribe together with their reasons therefor, may by him be sent to the United States Treasury Department for official record and disposition.

I do most earnestly appeal to every resident of this county to take cognizance of the loss and shed of American life on the foreign battlefield and by their pledges to keep the fair name of the county of Medina, showing to the United States Government, the other counties of the State of Texas, and to those men of this county who are in the armed service of the United States Government and fighting for the retention of our liberties, that the citizens of the county of Medina are loyal and steadfast here at this time in the service of their country.

Witness my official hand and seal of office, at Hondo, Texas, this the 18th day of June, A. D. 1918.

**R. J. NOONAN,**

County Judge of Medina County, Texas.

and County Chairman of the United States War Savings Stamps Committee of Medina County, Texas.

ability to save and invest in War Sav-

government or his neighbors. The  
United States Treasury Department  
has full knowledge of every one's abili-

pledger's ability.

acter has long been a necessity in Hondo

the new enterprise the patronage its  
importance deserves. Mr. Schuchle  
will cater especially to the ladies trade  
and they are assured the most courte-  
ous attention when visiting his place.  
Remember this new establishment  
when hungry or thirsty.

### Anent Women Registration.

To County Tax Collectors and Others  
Concerned:  
I call your attention to the following  
communication of date the 14th inst.,  
which expresses my ideas upon the  
subject dealt with:

ATTORNEY GENERAL'S DEPARTMENT  
Austin, Texas, June 14, 1918.  
Hon. R. B. Oswall, County Attorney,  
Quannah, Texas.

DEAR SIR:  
Replying to yours of the 8th inst.,  
requesting advice as to whether the  
tax collector would be permitted under  
the woman suffrage act, to visit vari-  
ous places in the county, for the pur-  
pose of registration of woman voters,  
beg to advise that there is no express  
authority given tax collectors in the  
woman suffrage act to register women  
at any place other than at his office in  
the court house—yet there is no ex-  
press prohibition against such proce-  
dure.

The law places the office of the tax  
collector in the court house at the  
county seat, where he is presumed to  
transact all office business except dur-  
ing the tax collecting period beginning  
October first he is required to spend  
two days in each justice precinct for  
the convenience of taxpayers.

I am inclined to the opinion that by  
reason of the above mentioned excep-  
tion there is an implied prohibition  
against collectors transacting any  
other business away from the court  
house.

If, however, the tax collector should  
either in person or by deputies meet  
the women of the county at convenient  
places and there register them, the  
most that could be said, it would con-  
stitute an irregularity harmless in its  
results. In other words, such irregu-  
larity—if the courts should hold it to  
be irregularity—would not nullify or  
affect the election in any way unless  
it could be shown that the result of the  
election was changed by reason there-  
of.

Yours truly,  
(Signed) B. F. LOONEY,  
Attorney General.

### NOTICE.

I have changed my announcement  
from "subject to the November elec-  
tion" to "subject to the July prima-  
ries", on account of the third party  
entering the race subject to the prima-  
ries, and I hereby ask all my friends to  
go to the Primary Election, July 27th,  
and cast their vote, and also all ladies  
who are entitled to vote to consider  
my candidacy.

Respectfully:  
EMIL BRITSON,  
Candidate for County Treasurer  
for Medina County.

with rarely opposition, is evidence that  
his conduct of the county's affairs  
meet the approval of his constituents  
and there is but little doubt that he will  
again be honored with the position to  
which he aspires.

## Attention, Everybody!

Following is a copy of the card to be mailed to every tax payer and wage earner in the county:

THE WHITE HOUSE,  
Washington, D. C.

TO THE PEOPLE OF THE UNITED STATES:

I earnestly appeal to every man, woman and child, to pledge themselves on or before the twenty-eight of June to save constantly and to buy as regularly as possible the securities of the Government, and to do this as far as possible through membership in war savings societies. The twenty-eight of June ends this special period of enlistment in the great volunteer army of production and saving here at home. May there be none unenlisted on that day.

WOODROW WILSON,  
President of the United States.

Pursuant to the above proclamation of the President of the United States, the person receiving this card is hereby summoned to attend a meeting at the schoolhouse in his home school district on Friday, June twenty-eight, nineteen hundred eighteen, promptly at two o'clock. Read the papers for full particulars concerning these meetings, which every loyal person is expected to attend.

LOUIS LIPSITZ,  
Texas War Savings Director, under Authority of the United States Treasury.

Every tax payer and wage earner in the county must be present at the meeting held at their district school house on the 28th day of June, 1918. Regardless of whether they have received a special notice card or not.

F. S. COCKRELL,  
Campaign Manager.

## Class Prophecy Poem.

Following is the "Class Poem" read by Miss Isabel Schneider at the recent commencement exercises of Hondo High School:

We've sailed the sea of Hondo High,  
For four long, but happy years.  
Each year in the summer time  
On Vacation Isle we've cast our cares.

And now we've cast our anchor  
In the harbor of Commencement.  
The purpose of this anchorage  
Is to make a true announcement.

That on the morrow we must sever,  
And each sail a different route.  
On the sea of Fate, they tell us,  
We must seek good Fortune out.

In this harbor on the morrow  
Fifteen white ships called Time,  
Flying little flags of purple,  
Will be arranged in line.

While sailing in these little ships,  
Five years only a moment seem;  
Now we'll see how good Fortune  
Has favored the class of eighteen.

Just received an announcement  
From a noted Conservatory  
Called the New England, in Boston,  
Which tells a pleasing story.

Of two of the class of eighteen,  
Nora Karrer and Eva Long,  
Are well known names engraved  
On the cards where they belong.

As they sit amidst their music class,  
I wonder if their thoughts return  
To a night five, years ago,  
And for their early classmates yearn.

From a station in Europe  
Came a message by wireless  
To my little white ship, Time,  
It said "The scenery's tireless,

And our ships are sailing fine."  
Irene Huospath was one name,  
And Hettie Fusselman the other,  
Assigned to this missile of fame.

The other Irene, with her violin,  
A beautiful solo will render  
Tonight, before a large audience  
At a chautauqua in Denver.

Fate has directed three boys,  
Clinton, John Bob and Dick,  
In a path so close together  
That each of them has to be quick.

Two civil engineers swiftly  
Are reconstructing Berlin;  
The other one, Dick, in Belgium,  
Doesn't know just how to begin.

A card from California  
Tells of a graduation night  
At the Leelan Stanford U.,  
Which, Lela says, is her delight.

Bill Frenich says his little ship  
Has struck the hills of Montana;  
But why should he be worried  
When ranching is wealth's banner?

Ranches do not call the few,  
For of our fifteen little ships  
Two others, when a ranch they struck,  
Have run amuck to end the trip.

The one into South America  
Has carried John, our classmate;  
The other into Arizona  
Has taken Laura, some other's mate.

In the American Magazine  
Is a notice of which we may boast,  
Saying that Miss Nettie Fly  
Is a critic worthy of note.

Sometimes in the low valleys,  
Sometimes on the hills of Kentucky  
We see Lillian idly rambling;  
But she always was lucky.

As for me I am still drifting  
On the sea of Fate, debating  
Whether the good winds of Fortune  
Have swept past while I was sleeping.

## Appreciation.

The Nazarene meeting, conducted by Mrs. Bessie Williams, closed last Sunday night with a good congregation, which made a freewill offering of about \$40 to Mrs. Williams for the two weeks' service.

Other assistance and courtesies were much appreciated. Mr. Ed. Parsons furnished a piano, Miss Hilda Muennink several solos, Bro. Long, the Methodist pastor, and his people and other members of other churches who attended and helped much, for all of which we offer our sincere, heartfelt thanks.

A board meeting, including the entire membership of the church, was called the last day of the meeting at 4 p. m., Mrs. Bessie Williams, the pastor, presiding. The church was found at peace and in harmony, with its finances well up to date.

A resolution was presented and unanimously carried and duly entered in the minutes, whereby our most sincere thanks were tendered to Bro. Mimke Muennink for his faithful and untiring service at the piano during the entire two weeks' meeting.

There were about eight or ten persons who prayed through at the altar, and one or two who prayed through to victory at home between services. To our God be all the praise through Jesus Christ our Savior.

## To Railroad Claimants.

Washington, D. C., May 23, 1918.  
DIVISION OF LAW.

John Barton Payne, General Counsel.  
Subject: "Personal Injury Claims".  
My Dear Sirs:

The Federal Control Act contemplates that suits for personal injuries may be brought as heretofore, but provides that executions may not be levied on the property of the carrier while in the possession of the Government. This means that while a judgment may be recovered, it devolves upon the Director General to provide for payment and this places upon him the responsibility of considering the merits of the claims and the persons to whom payment is made. It is the desire of the Director General that justice shall be done to all employees who are injured in the discharge of their duties. This does not mean that verdicts based upon prejudice or passion shall be paid or that large sums shall be paid by the Government to attorneys and solicitors who have no claim upon the Government. The right is reserved to consider the merits in determining what provision shall be made.

It will be the policy of the Government to discourage litigation, and to deal directly with injured persons to the end that the injured person may receive the benefit of any amount which the Government pays, without the expense of litigation, and without being compelled to turn over one-third or one-half to an attorney. You may, therefore, let it be known that such claims will be considered on their merits.

As to fee contracts: You are authorized to exercise a wise discretion, and are not required to make payment as provided therein, but only on such terms as will enable the person injured to receive just treatment. If the contract is unjust, you may pay the attorney such reasonable sum as will pay him for the services actually rendered.

Yours very truly,  
JOHN BARTON PAYNE.

## TO THE PEOPLE OF THE UNITED STATES—GREETING:

This war is one of nations—not of armies, and all of our one hundred million people must be economically and industrially adjusted to war conditions if this nation is to play its full part in the conflict. The problem before us is not primarily a financial problem, but rather a problem of increased production of war essentials and the saving of the materials and the labor necessary for the support and equipment of our army and navy. Thoughtless expenditure of money for nonessentials uses up the labor of men, the products of farms, mines and factories and overburdens transportation, all of which must be used to the utmost and at their best for war purposes.

The great results which we seek can be obtained only by the participation of every member of the Nation, young and old, in a National concerted thrift movement. I therefore urge that our people everywhere pledge themselves as suggested by the Secretary of the Treasury to the practice of thrift; to serve the Government to their utmost in increasing production in all fields necessary to the winning of the war; to conserve food and fuel and useful materials of every kind; to devote their labor only to the most necessary tasks, and to buy only those things which are essential to individual health and efficiency, and that the people, as an evidence of their loyalty, invest all they can in Liberty Bonds and War Savings Stamps.

The securities issued by the Treasury Department are so many of them within the reach of everyone that the door of opportunity in this matter is wide open to all of us. To practice thrift in peace times is a virtue and brings great benefit to the individual at all times; with the desperate need of the civilized world today for materials and labor with which to end the war, the practice of individual thrift is a patriotic duty and a necessity.

I appeal to all who now own either Liberty Bonds or War Savings Stamps to continue to practice economy and thrift and to appeal to all who do not own Government securities to do likewise and purchase them to the extent of their means. The man who buys Government securities transfers the purchasing power of his money to the United States Government until after this war, and to that same degree does not buy in competition with the Government.

I earnestly appeal to every man, woman and child to pledge themselves on or before the 28th of June to save constantly and to buy as regularly as possible the securities of the Government, and to do this as far as possible through membership in War Savings Societies. The 28th of June ends this special period of enlistment in the great volunteer army of production and saving here at home. May there be none unenlisted on that day.

Woodrow Wilson

Every tax payer and wage earner in the county must be present at the meeting held at their district school house on the 28th day of June, 1918. Regardless of whether they have received a special notice card or not.

### Class Prophecy Poem.

Following is the "Class Poem" read by Miss Isabel Schneider at the recent commencement exercises of Hondo High School:

We've sailed the sea of Hondo High,  
For four long, but happy years.  
Each year in the summer time  
On Vacation Isle we've cast our cares.

And now we've cast our anchor  
In the harbor of Commencement.  
The purpose of this anchorage  
Is to make a true announcement.

That on the morrow we must sever,  
And each sail a different route.  
On the sea of Fate, they tell us,  
We must seek good Fortune out.

In this harbor on the morrow  
Fifteen white ships called Time,  
Flying little flags of purple,  
Will be arranged in line.

While sailing in these little ships,  
Five years only a moment seem;  
Now we'll see how good Fortune  
Has favored the class of eighteen.

Just received an announcement  
From a noted Conservatory  
Called the New England, in Boston,  
Which tells a pleasing story.

Of two of the class of eighteen,  
Nora Karrer and Eva Long,  
Are well known names engraved  
On the cards where they belong.

As they sit amidst their music class,  
I wonder if their thoughts return  
To a night five years ago,  
And for their early classmates yearn.

From a station in Europe  
Came a message by wireless  
To my little white ship, Time,  
It said "The scenery 's tireless,

And our ships are sailing fine."  
Irene Hoozeph was one name,  
And Hettie Hesselman the other,  
Assigned to this missile of fame.

The other Irene, with her violin,  
A beautiful solo will render  
Tonight, before a large audience  
At a chaucagua in Denver.

Fate has directed three boys,  
Clinton, John Bob and Dick,  
In a path so close together  
That each of them has to be quick.

Two civil engineers swiftly  
Are reconstructing Berlin;  
The other one, Dick, in Belgium,  
Doesn't know just how to begin.

A card from California  
Tells of a graduation night  
At the Leland Stanford U.,  
Which, Lela says, is her delight.

Bill Friedrich says his little ship  
Has struck the hills of Montana;  
But why should he be worried  
When ranching is wealth's banner?

Ranches do not call the few,  
For of our fifteen little ships  
Two others, when a ranch they struck,  
Have run amuck to end the trip.

The one into South America  
Has carried John, our classmate;  
The other into Arizona  
Has taken Laura, some other's mate.

In the American Magazine  
Is a notice of which we may boast,  
Saying that Miss Nettie Fly  
Is a critic worthy of note.

Sometimes in the low valleys,  
Sometimes on the hills of Kentucky  
We see Lillian idly rambling;  
But she always was lucky.

As for me I am still drifting  
On the sea of Fate, debating  
Whether the good winds of Fortune  
Have swept past while I was sleeping.

### Appreciation.

The Nazarene meeting, conducted by Mrs. Bessie Williams, closed last Sunday night with a good congregation, which made a freewill offering of about \$40 to Mrs. Williams for the two weeks' service.

Other assistance and courtesies were much appreciated. Mr. Ed. Parsons furnished a piano, Miss Hilda Muennink several solos, Bro. Long, the Methodist pastor, and his people and other members of other churches who attended and helped much, for all of which we offer our sincere, heartfelt thanks.

A board meeting, including the entire membership of the church, was called the last day of the meeting at 4 p. m., Mrs. Bessie Williams, the pastor, presiding. The church was found at peace and in harmony, with its finances well up to date.

A resolution was presented and unanimously carried and duly entered in the minutes, whereby our most sincere thanks were tendered to Bro. Mimke Muennink for his faithful and untiring service at the piano during the entire two weeks' meeting.

There were about eight or ten persons who prayed through at the altar, and one or two who prayed through to victory at home between services. To our God be all the praise through Jesus Christ our Savior.

REV. J. T. HORGER.

### To Railroad Claimants.

Washington, D. C., May 23, 1918.  
DIVISION OF LAW.

John Barton Payne, General Counsel.  
Subject: "Personal Injury Claims".  
My Dear Sirs:

The Federal Control Act contemplates that suits for personal injuries may be brought as heretofore, but provides that executions may not be levied on the property of the carrier while in the possession of the Government. This means that while a judgment may be recovered, it devolves upon the Director General to provide for payment and this places upon him the responsibility of considering the merits of the claims and the persons to whom payment is made. It is the desire of the Director General that justice shall be done to all employees who are injured in the discharge of their duties. This does not mean that verdicts based upon prejudice or passion shall be paid or that large sums shall be paid by the Government to attorneys and solicitors who have no claim upon the Government. The right is reserved to consider the merits in determining what provision shall be made.

It will be the policy of the Government to discourage litigation, and to deal directly with injured persons to the end that the injured person may receive the benefit of any amount which the Government pays, without the expense of litigation, and without being compelled to turn over one-third or one-half to an attorney. You may, therefore, let it be known that such claims will be considered on their merits.

As to fee contracts: You are authorized to exercise a wise discretion, and are not required to make payment as provided therein, but only on such terms as will enable the person injured to receive just treatment. If the contract is unjust, you may pay the attorney such reasonable sum as will pay him for the services actually rendered.

Yours very truly,  
JOHN BARTON PAYNE.

## Presidential Proclamation calls for War Savings Pledges

By proclamation the President of the United States has authoritatively summoned all adult males and females to solemnly pledge to the Government the greatest amount they can save and invest in United States Government War Savings Stamps. They have been summoned to make their pledges between now and June 28, National War Savings Day.

The proclamation provides that all adult males and females are to meet

at appointed places in their school districts June 28, National War Savings Day, and even though they have already made their pledges as they should have done, they are at these meetings to reaffirm their War Savings Stamp pledges to the President on the official Government pledge card which will be furnished them for that purpose.

Pledges for War Savings Stamps made before June 28, National War Savings Day, should be turned over

to the County Chairman of the National War Savings Committee or to one of the local representatives of the National War Savings Committee, according to the instructions of the Treasury Department.

In addition to notification by publication, every adult male and female will be authoritatively summoned through the mails to attend the June 28 meetings. Responsibility for attendance upon these meetings rests wholly upon the individual.

### TO THE PEOPLE OF THE UNITED STATES—GREETING:

This war is one of nations—not of armies, and all of our one hundred million people must be economically and industrially adjusted to war conditions if this nation is to play its full part in the conflict. The problem before us is not primarily a financial problem, but rather a problem of increased production of war essentials and the saving of the materials and the labor necessary for the support and equipment of our army and navy. Thoughtless expenditure of money for nonessentials uses up the labor of men, the products of farms, mines and factories and overburdens transportation, all of which must be used to the utmost and at their best for war purposes.

The great results which we seek can be obtained only by the participation of every member of the Nation, young and old, in a National concerted thrift movement. I therefore urge that our people everywhere pledge themselves as suggested by the Secretary of the Treasury to the practice of thrift; to serve the Government to their utmost in increasing production in all fields necessary to the winning of the war; to conserve food and fuel and the useful materials of every kind; to devote their labor only to the most necessary tasks, and to buy only those things which are essential to individual health and efficiency, and that the people, as an evidence of their loyalty, invest all they can in Liberty Bonds and War Savings Stamps.

The securities issued by the Treasury Department are so many of them within the reach of everyone that the door of opportunity in this matter is wide open to all of us. To practice thrift in peace times is a virtue and brings great benefit to the individual at all times; with the desperate need of the civilized world today for materials and labor with which to end the war, the practice of individual thrift is a patriotic duty and a necessity.

I appeal to all who now own either Liberty Bonds or War Savings Stamps to continue to practice economy and thrift and to appeal to all who do not own Government securities to do likewise and purchase them to the extent of their means. The man who buys Government securities transfers the purchasing power of his money to the United States Government until after this war, and to that same degree does not buy in competition with the Government.

I earnestly appeal to every man, woman and child to pledge themselves on or before the 28th of June to save constantly and to buy as regularly as possible the securities of the Government, and to do this as far as possible through membership in War Savings Societies. The 28th of June ends this special period of enlistment in the great volunteer army of production and saving here at home. May there be none unenlisted on that day.

### Sour Stomach.

A mild form of indigestion, usually brought on by eating too much, or of food not suited to your digestive organs. If you eat slowly, masticate your food thoroughly, eat but little meat at all for supper, you will likely avoid the sour stomach without taking any medicine whatever. When you have sour stomach use of Chamberlain's Tablets to relieve it.

## STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE DORF'S

## BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.

## Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start

your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

## INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel full and languid after eating you may know that your digestion is faulty, unless you have eaten more than you

should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

Do not fail to read the "Special Announcement and County Judge's Proclamation."

The thermometer registered 103.3 degrees at Dallas on June 18th. There was one death attributed to the heat.

### Cholera Morbus.

This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. The right way is to have a bottle of Chamberlain's Colic and Diarrhoea Remedy in the house so as to be prepared for it. Mrs. Charles Enyart, Huntington, Indiana, writes: "During the summer of 1911 two of my children were taken sick with cholera morbus. I used Chamberlain's Colic and Diarrhoea Remedy and it gave them immediate relief."

Born to Mr. and Mrs. Oscar Hitzfeld, a baby boy, June 10, 1918.

### Has a Good Opinion of Chamberlain's Tablets.

"Chamberlain's Tablets are a wonder. I never sold anything that beat them," writes F. B. Tressey, Richmond, Ky. When troubled with indigestion or constipation give them a trial.

A partial eclipse of the moon will be visible here Monday morning about 6.30 o'clock.

### Whooping Cough.

In this disease it is important that the cough be kept loose and expectoration easy, which can be done by giving Chamberlain's Cough Remedy. Mrs. P. H. Martin, Peru, Ind., writes: "My two daughters had whooping cough. I gave them Chamberlain's Cough Remedy and it worked like a charm."

### CHEESE DIET IS WHOLESOME

One Pound of the Food Supplies More  
Than Twice as Much Energy as  
Same Amount of Steak.

Too many people use cheese merely  
as an appetizer, says the Scientific  
American in commenting on a recent  
bulletin of the United States department  
of agriculture. According to this  
bulletin and to the universal practice  
in the great cheese-producing countries  
of Europe, cheese is one of the most  
valuable of foods and a most satisfac-  
tory substitute for meat.

A pound of cheese supplies more  
than twice as much energy as a pound  
of fowl or round steak and almost  
twice as much protein as the same  
amount of fowl or ham.

Contrary to the opinion of many,  
cheddar or "store" cheese is not usu-  
ally indigestible and constipating. Ex-  
tensive digestion experiments conducted  
by the department have demon-  
strated that more than 95 per cent of  
the protein in cheese is digested and  
that 90 per cent of its energy is avail-  
able. Even when eaten in large quan-  
tities and for long periods, no case of  
indigestion, constipation or other dis-  
turbance was observed in those who  
ate it. One person who ate cheese as  
the chief source of protein and energy,  
eating an average of 9.27 ounces daily  
for more than two years, did a fair  
amount of muscular work and kept in  
good health.

miserable and wasn't able to attend  
to my housework. Two boxes of

## MRS. LINAM HAS GAINED 27 POUNDS BY TAKING TANLAC.

"I Now Enjoy Better Health Than I  
have in Years", She Declares.

"I now enjoy better health than I  
have in years and I can't refrain from  
letting my friends and others know  
how thankful I am for what Tanlac has  
done for me", said Mrs. E. M. Linam  
of 2310 Chester street, Little Rock,  
Ark., recently, in one of the most re-  
markable statements yet published in  
connection with the "Master Medi-  
cine".

"In the winter of 1916," Mrs. Linam  
continued, "I was taken with a severe  
cold and all the winter I continued to  
go down. I had no appetite, kept los-  
ing weight and in March was complet-  
ely broken down. I couldn't sleep for  
coughing and had to sit up in bed most  
all night. I was extremely nervous and  
weak, felt tired all the time and every-  
thing I ate soured on my stomach. I  
fell off nineteen pounds in seven weeks  
and was getting worse so rapidly that  
my family and friends, as well as my-  
self, saw no hope of recovery."

"My husband brought home a bottle  
of Tanlac in June, 1916, and after I  
took about half of it I began to eat  
and my food stopped souring on my  
stomach. After finishing my first bot-  
tle I could eat anything at any time  
without it hurting me in the least. At  
the end of my third week I had gained  
five and one half pounds and had im-  
proved until I was able to take a trip  
to Texas. My husband sent me my  
Tanalac by mail and I kept taking it  
and picking up from three to four  
pounds every week until all my troubles  
were gone and my weight was increas-  
ed from one hundred and thirteen  
pounds to one hundred and forty—mak-  
ing an actual gain of twenty-seven  
pounds. I don't only give Tanlac cred-  
it for my splendid condition, but I re-  
ally believe it has saved my life, and  
my family and friends all agree with  
me."

Tanalac is sold in Hondo by W. H.  
Windrow, in Devine by Lion Drug  
Store, in D'Hanis by Louis Carle, in  
LaCoste by Dickey Drug Co., and in  
Dunlay by Louis A. Haby.

## We Set Tire Standards

Why is it that United States Tires are setting new records for mileage and serviceability?

Why is it that the sales of these tires are constantly mounting by leaps and bounds?

The answer is found in the factories where United States Tires are made.

Standards of construction for these tires are higher than ever before known in the tire industry.

Makers of tire fabrics tell us that the standards we have given them for United States Tire fabrics are higher than any previously known.

Likewise through every process of construction from crude rubber to finished tires—we have set new and higher standards everywhere.

These standards work out on your car in the practical economy demanded by war-times.

United States Tires will raise any car to higher efficiency.

There is a type to suit every condition of service.

The nearest United States Sales and Service Depot dealer will cheerfully aid in selecting right tires for your requirements.

**United States Tires are Good Tires**

KNOW U. S. Tires are GOOD tires. That's why we sell them.

## On a Record of Conscientious Service

To the people of Texas:

In announcing for re-election to the office of Commissioner of Agriculture of Texas, I do so without apology, as I have done my best with the facilities at my command. There have been the inevitable human errors no doubt, but I feel that substantial progress has been made in the direction of greater helpfulness to our farming interests, and through them to all other worthy interests.

Many concrete examples might be mentioned wherein material aid has been rendered by the various organizations connected with the Department, in the handling of both perishable and non-perishable products. The drive for 30 cent cotton was a notable case in point. It not only showed that the farmer may have something to say as to the price of his cotton, but in the opinion of many, it marks an epoch in the agricultural economy of the South. While the initial move was made by the Agricultural Department, taking no chance on failure, other organizations, the Farmer's Union, the Retail Merchants Association, the Federal Reserve Bank, and the State Warehouse and Marketing Department, were invited to join in the movement, which they did, and it affords me pleasure to extend to them due credit for results.

The State Department of Agriculture has been active in fighting such insect pests and plant disease as pray upon crops, in field, orchard and garden, and I feel that by our prompt cooperation with the U. S. Department of Agriculture and other agencies combatting it, the pink bollworm, the most dangerous of these pests, has been largely stamped out. All the authority we possess will be used against this pest.

We have cheerfully and wholeheartedly cooperated with every force in the State, public and private, working for the general good, or for the success of our army in the field. We have been especially active in aiding our State Food Administration, the State Council of Defense, and the Texas Food and Feed Production Campaign. If re-elected, I shall continue as in the past, to bend every energy and resource of the Department to help the farmers, believing that upon their moral and material well being rests the safety of Nation and State.

I have never indulged in personalities in previous campaigns, and trust that the present canvass may be pitched upon a plane so high that no misstatements may be persisted in requiring correction at my hands. Certainly it shall be my aim to be both courteous and fair to any opposition by which I may be confronted.

I was born and reared upon a farm, have followed the occupation of farming all of my life, and have been a hard student of farm problems. I have never depended upon any source of income for a living but farming and ranching, except a few years of my youth and early manhood when I taught rural schools. This was, however, supplemental to my farm work. I have never sought or held office other than that to which I now ask re-election at the hands of the voters of Texas. This

office is evidently regarded by the people as one of service, demanding experience and ability. If the people shall approve my handling of the Agricultural Commissionership, they will no doubt decide that my work should go on for another term undisturbed and unhindered.

While my work has been primarily in the fields, orchards and ranches, and consequently dealing with work which naturally falls to the men as their part of the partnership business of the home, yet I have not overlooked any opportunity to give every assistance possible to the women of Texas in their organized efforts, and to the girls of the State. As women will from now on study more and more the administrative affairs of government, I am sure we will find it necessary to give more attention to their specific duties. If such should be the case, I am sure my acts in the past clearly demonstrate that I would not hesitate to do so.

# WAR PROCLAMATION

The President of the United States Proclaims  
Friday, June 28, 1918 as

## NATIONAL WAR SAVINGS DAY

Governors and Mayors Make Similar Proclamation

MEETINGS WILL BE HELD IN EVERY COMMUNITY TO SECURE SUBSCRIPTIONS FOR WAR SAVINGS STAMPS

Pursuant to the proclamation of the President of the United States and the Governor of this State, I, Louis Lipsitz, War Savings Director for Texas, acting under the authority of the United States Treasury Department, have called all tax-payers and wage earners to meet on Friday, June 28th, to make their subscriptions for War Savings Stamps. In rural communities and the smaller towns and cities, meetings will be held in the school houses at 2 p. m.

The school officers will conduct the meeting in each school house, keeping a record of the proceedings and reporting the names of all persons present and the amount of War Savings Stamps subscribed for by them. The names of absent persons, and of those who refuse or neglect to subscribe, with their reasons for so doing, will also be reported.

War Saving Stamps (which are United States Government Bonds the same as Liberty Bonds) can be paid for during any month in the year 1918, but it is intended that subscriptions will be signed for them on June 28.

The price of each War Saving Stamp depends upon the month during which it is bought. During June each Stamp will cost \$4.17. In July each Stamp will cost \$4.18, and so on, one cent more each month during 1918. On January 1, 1923, the Government of the United States will redeem all War Savings Stamps at \$5.00 each, no matter during which month in 1918 they were bought. They cost less during the early months in 1918 than during the latter months because the person who buys earlier has loaned his money to the Government for a longer time than if he should buy later.

By way of illustration, note the following:

### COST OF WAR SAVINGS STAMPS DURING JUNE, JULY AND AUGUST, 1918.

	Cost in June	Cost in July	Cost in August	and Are Worth on Jan. 1, 1923
1 Stamp	\$ 4.17	\$ 4.18	\$ 4.19	\$ 5.00
20 Stamps	83.40	83.60	83.80	100.00
50 Stamps	208.50	209.00	209.50	250.00
100 Stamps	417.00	418.00	419.00	500.00
200 Stamps	834.00	836.00	838.00	1,000.00

The law provides that no person can hold in his own name War Savings Stamps exceeding \$1,000 maturity value. War Saving Stamps, however, may be purchased for other members of the family, including minor children.

The money invested in War Savings Stamps is not a gift, or a donation, but is a loan to the Government. It will be paid back with 4 per cent compound interest. If, because of some serious financial reverses, or calamity, it should be necessary to get your money before January 1, 1923, you may do so by giving ten days' notice to any Money Order postmaster, in which case you can get what you paid for the Stamps, with interest to date of payment. The Stamps are free from all State and local taxes; when registered at the postoffice they are insured against loss; they are backed by all the property in the United States; they cannot fall in value below the price you pay; they are as convenient and as well paying an investment as has ever been offered by our Government.

A definite quota of War Saving Stamps has been assigned each school district and community, which will be announced at each meeting on June 28th. The Government of the United States expects all the citizens of every school district and county to subscribe for its quota and to pledge themselves to save and economize to help win the war.

It is to be hoped that the subscriptions taken at the meetings in your county will show you and your neighbors to be loyal Americans to whom our Government, in this hour of need, does not call in vain.

LOUIS LIPSITZ,

War Savings Director for Texas.

Appointed and acting under the authority of the Secretary of the U. S. Treasury.

#### LIFT OUT YOUR CORNS

Apply a few drops then lift corns or calluses off with fingers—no pain.

No humbug! Any corn, whether hard, soft or between the toes, will loosen right up and lift out, without a particle of pain or soreness.

This drug is called freezone and is a compound of ether discovered by a Cincinnati man. Ask at any drug store for a small bottle of freezone, which will cost but a trifle, but is sufficient to rid one's feet of every corn or callus.

Put a few drops directly upon any tender, aching corn or callus. Instantly the soreness disappears and shortly the corn or callus will loosen and can be lifted off with the fingers.

This drug freezone doesn't eat out the corns or calluses but shrivels them without even irritating the surrounding skin. Just think! No pain at all; no soreness or smarting when applying it or afterwards. If your druggist don't have freezone have him order it for you.

When in the market for a truck or truck unit it will be to your interest to see The Olson Economy Truck Unit before buying, at the City Motor Car Company. 27-1f
